Re: Malcolm Muir Documentary Project
CC:

With the death of Jude Muir in July 2011, numerous portions of the documentary required changes, and additional videotaping was required. Unfortunately, our videographer was a victim of the flooding this past year and, while the work which he had done to date and the assembled documents were not affected, the disruption of his business has caused another delay. I am "officially" retired as of January 1, 2012, but will be working with the videographer during the next several months in an attempt to complete this project.
